

MARION SWIMMING CENTRE

The Junior Press Club makes a splash at Adelaide's newest swimming pool.

The Marion Swimming Centre is a great place to go to any day! It's got two slides, on one of the slides, you go down, and go round a big donut sort of thing. It's great fun! It's got 5 pools (if you count the ones you land in after going on a slide or after diving off the diving board): A children's pool; a normal pool; and a lane pool. They're all fun to swim in! It was a lot of fun being at the Marion Swimming Centre and I'm sure anyone could have a good time there if they go! 10/10.

An outdoor swimming centre is fun, but what about when it's cold and raining? Now there's a new indoor aquatic centre - SA Aquatic and Leisure Centre. It's great fun for the family. It has a bunch of fun activities that I enjoyed and I'm sure others will too. There's a leisure pool with a fun water playground. There are two other pools to enjoy. Best of all are the two waterslides. They are fun and fast. There are some diving blocks and some lap pools. This aquatic centre is well made and full of fun. I love every bit of it. I want to go there again and again. I rate this centre 9/10.

On Thursday 19th of May the Chill gang visited the new Marion Swimming centre. I was really excited about going. The new centre has pools for fun as well as an Olympic pool and a diving pool for competitions. It also has some activities just for fun with my favourite some cool waterslides. First we went in a pool that has a water playground in it and at the top was a bucket which slowly filled and eventually tipped the water out. I stood under it as the water rushed all over me. There were also some slides at the playground and even water pistols.

I also got to slide down long, winding, fun and fast water slides. One slide was called the Wormhole which was dark for most of the ride but had ribs of multicoloured neon lights in random patches. At the end of the slide was a large funnel where I zoomed around before plummeting into the two metre pool below. The other slide I went on was called the Aqua-tube which was a much faster ride but very similar to the Wormhole apart from the fact it did not have a funnel. The new Marion Swimming centre is great and a lot of fun. I can't wait to go back. I give it a 9/10!

At the pool there were awesome things to do. It was amazing how long it took for a giant bucket to fill with water. When it filled, water spilled everywhere, when I was underneath I got soaked. I just wish I was allowed on the big slide.

I had a great time at the new swimming pool but I was bit disappointed that I wasn't old enough to go on the big slide, you had to be 10 or older and I was only one month away from being 10. We took some photos of us in the small pool, the man got us to splash each other that was pretty fun. It was fun playing on the little slides in the small pool also in the small pool there was a big bucket that filled up with water and when it was full it would tip over and all the water would fall down on who ever was below it. I thought it was awesome there and I would love to go again.

The Marion Swimming Centre is a great place to go to any day! It's got two slides, on one of the slides, you go down, and go round a big doughnut sort of thing. It's great fun! It's got 5 pools (if you count the ones you land in after going on a slide or after diving off the diving board): A children's pool; a normal pool; and a lane pool. They're all fun to swim in! It was a lot of fun being at the Marion Swimming Centre and I'm sure anyone could have a good time there if they go! 10/10.

The Chill Gang was lucky enough to go to the new swim centre. It was one word - AWESOME! The water-slides are really fun (if you have a fear of water-slides go on the orange and blue one), the pools are clean and shallow (except for the diving pool, which is five metres deep) and the playground is fun, fun, fun. This is a great place to go with family and friends and is an escape from siblings. If you haven't been you NEED to go soon.
